## WOOD PELLET STORAGE IN 30-MINUTES!

With the new GEObox Speed Pellergy offers a simple and flexible alternative to conventional pellet storage rooms and labor intensive bulk wood pellet storage bins. This complete low-cost solution makes modifications or construction of a dedicated storage room unnecessary. The unique design with screwless connected cone sheets allows for assembly times of under 30 minutes. Pellet storage is completed in half an hour!

With the GEObox Speed you can store pellets inside as well as outside\*. The height adjustable frame construction (between 71 and 98 inches) allows an optimum adjustment to the height of the room. The steel frame and base along with the plastic sides and top ensure a long life. They are moisture tolerant and well suited for use in basements. The cone-shaped design also ensures the complete emptying of the bin. The fully automatic GEObox Speed is compatible with many leading brands of pellet boilers and suction probes of pellet boiler manufacturers.

- Bulk Wood Pellet Storage in record time due to the innovative interconnecting cone sheets. No Screws, no bolts, no hassle.
- Optimum use of available space through the use of a height adjustable frame design. No need for a customized solution.
- Durable steel base cone. Moisture resistant, sloped for optimum pellet flow
- Available in these five sizes:

Geoplast/Pellergy Model Number	Storage Capacity (tons)		Height (FT/IN)		Width/Length (FT/IN)	
	From	To	From	To	Width	Length
GEObox 12 Speed	1.21	1.87	5.9/71	8.2/98	4/48	4/48
GEObox 21 Speed	3.09	5.51	5.9/71	8.2/98	6.9/83	6.9/83
GEObox 25 Speed	4.63	7.72	5.9/71	8.2/98	8.2/98	8.2/98
GEObox 29 Speed	6.72	10.14	6.3/75	8.2/98	9.5/114	9.5/114
GEObox 17/29 Speed	3.97	5.95	6.3/75	8.2/98	5.6/67	9.5/114

\*Outdoor installation requires the use of an optional weather cover or other protection from the elements
